**BE EXTRA CAUTIONS WHEN
TURNING SHARP IN YOUR
TRACTOR SO THE CAB
EXTENDER FAIRING DOESN'T
HIT YOUR TRAILER.**

**BE SURE TO USE YOUR
ACTUAL TIMES FOR ARRIVE
AND DEPART.**

Styer Star - David Lathe

by Keith Petersen

David Lathe has been chosen as our 2021 Styer Star!

David Lathe has been a driver with Styer for over 15 years now. He brings years of experience and a willingness to share his knowledge.

Of recent news out at our customer Johnny Pops, David has made strong gains with the little kids at the day care next door. A situation where there was some concerns with the heavy equipment and nearby children, David has won over all the kids and made great efforts to be kind, visible, and nothing to fear.

David is a great steward for the industry (and Styer Transportation), his recent attention to those kids points directly to the community we service for Johnny pops. After 15 years with Styer, we know David as a good man, mentor, and quality professional who represents the Styer values exceptionally well.

As a company, we are fortunate to have David. He always brings insight to real life issues on the road, and ideas that could lead to a safer environment for all of us.

As a Styer Star, David has been asked where he would like a financial contribution to be made on his behalf. David has chosen Kid Zone, a nonprofit committed to creating a strong feeling of community with the greater community.

Congratulations David, well deserved and earned!
